IT & Infrastructure:	IT System Support & Technical Troubleshooting • Network Configuration & Management (LAN/WAN) • Fiber Optic & CCTV • Hardware, Software, & PABX Intercom Maintenance • Preventive Maintenance & Technical Fault Diagnosis • Basic Audio-Visual & Facilities System Support

PROFESSIONAL EXPERIENCE

Operations, Administration & IT Executive Coordinator • UNITAR COLLEGE IPOH 2019 – 2026 | Ipoh, Perak

- **Operational Leadership:** Coordinated daily operations across campus departments, managed external vendors, and supervised contractors during facility installations and maintenance.
- **HR & Admin Support:** Managed recruitment lifecycles (job postings, candidate screening, interview scheduling), facilitated onboarding, monitored attendance, and accurately maintained comprehensive employee and student records.
- **Technical Management:** Installed, configured, and troubleshot campus-wide networking equipment, CCTV systems, and PABX intercom systems to ensure 100% operational readiness.
- **Compliance & Audits:** Prepared, organized, and maintained meticulous technical, facilities, and operational documentation for successful ISO 9001, MQA, and MyQuest audits.
- **Reporting & Governance:** Authored weekly/monthly management reports, recorded meeting minutes, monitored action items, and established operational SOPs.
- **Student Welfare:** Served as Hostel Warden, ensuring accommodation safety, discipline, and resolving student complaints effectively.

Technician / Project Coordinator • AELV SOLUTIONS SDN. BHD. 2018 – 2019 | Puchong, Selangor

- Synchronized project schedules, customer communications, technical documentation, and operational reporting.
- Installed and tested security infrastructure, including CCTV, barrier gates, automatic gates, and access door systems for commercial and residential clients.
- Performed installation testing, fault resolution, and maintained high customer service standards.

Fiber Installer / Operations Assistant • B-BAND COMMUNICATIONS (MAXIS) 2018 | Shah Alam, Selangor

- Streamlined fiber optic installation schedules, managed customer expectations, and generated service activation documentation.
- Installed fiber optic cabling, set up internet access devices, and performed troubleshooting to ensure service activation completion.

Fiber Installer / Logistics Coordinator • CENGAL HARUM (UNIFI)

2017 – 2018 | Puchong, Selangor

- Scheduled customer appointments, supervised cabling activities, and completed strict quality and connectivity performance reporting.
- Installed new fiber optic cables and internet connection devices while managing specific customer service requirements.

Technician / Operations Support • ITS SDN. BHD.

2016 – 2017 | Kuala Lumpur

- Supported daily field operations, handled technical scheduling, and provided on-site hardware and internet connectivity support for clients.
- Communicated with and managed customers according to service requirements and provided basic on-site technical support.

Junior Executive / IT Assistant • COSMOPOINT COLLEGE

2014 – 2016 | Ipoh, Perak

- Assisted with administrative documentation, generated operational reports, and managed network connectivity across campus premises.
- Supported campus IT systems, computer peripherals, and IT hardware while handling basic troubleshooting and maintenance.
