SERI ISKANDAR

PROFILE

Experienced IT Executive with over 10 years of hands-on expertise in managing campus-wide IT infrastructure, networking systems, CCTV, access control, and technical facilities. Proven ability to troubleshoot hardware, software, and network issues efficiently while ensuring operational readiness and compliance with ISO 9001, MQA, and MyQuest audit standards. Strong background in vendor coordination, documentation, and student welfare management as a Hostel Warden. Currently pursuing a Master of Information Technology to further strengthen technical and leadership capabilities.
